General Superintendent.

**Take Warning!**

**T**HE V. & T. R. R. COMPANY ARE anxious to take the precaution against accidents and loss of life resulting from running of their trains; and they take this method of warning Parents and Guardians against the dangers attending the too common practice of Children playing about their Cars and locomotives. Those having charge of the business of the Company find it impossible to restrain boys who frequent the terminals and stopping places of the road from climbing upon the cars and engines, and they will feel themselves obliged to resort to more decided measures. These measures are continued. Recent accidents, which are wholly attributable to the carelessness of persons running on and off the cars when in motion, should be warning enough. I am positive. — H. M. VERTINGTON, Superintendent.
